We are in control, yet as citizens we often lack the knowledge, skills, and ability to articulate our desire to make the policy changes necessary to restore government to its proper role

*“That **all power is vested in, and consequently derived from, the people**, that magistrates are their trustees and servants, and at all times amenable to them;”*

Virginia Constitution: Article I, Section 2

Most liberty-minded civics training only teaches theory. **The Center for Self Governance classes teach concrete ways to have major policy influence with legislators and candidates.**
