The Level 5 course allows students to choose between one of two pathways. The first pathway is designed to teach students how to run for elected office, effectively manage their campaign, and successfully transition to legislating. The second pathway is designed to teach students the knowledge, skills, and abilities needed to operate inside and outside the legislature with the same capabilities as a professional lobbyist.

Level 1,2,3 and Level 4 must be successfully completed prior to attending Level 5. Level 4 homework may be turned in the day of the Level 5 event.

Your workbook is included in the registration fee. This is an interactive class. Please dress comfortably and bring a sweater/jacket as facility temperatures can be unpredictable. Brown bag or order lunch from the Tavern menu.
