

CENTER for SELF GOVERNANCE

Richmond (Henrico County)

Level 1- Foundations in Self Governance

Friday, July 24, 2015

10-6pm

Meeting address: 1502 Willingham RD, Henrico VA 23238

\$50.00

We are in control, yet as citizens we often lack the knowledge, skills, and ability to articulate our desire to make the policy changes necessary to restore government to its proper role. Most liberty-minded civics training only teaches theory. The Center for Self Governance classes teach concrete ways to have major policy influence with legislators and candidates.

About LEVEL 1:

Foundations in Self Governance. Welcome to the Center for Self Governance. This Level 1 course is designed to introduce the concepts surrounding self-governance, civic authority and bring everyone up to a common level of knowledge regarding our role in exercising our civic responsibilities and authority.

This course is foundational and will lay the groundwork necessary to successfully implement the lessons learned in future courses. Your workbook is included with your payment. Prior Level 1 students may audit this class for \$10.

Please dress comfortably as this is a long day of instruction. Please bring your own beverages. You may bring lunch or join us in ordering pizza.
